Project: Private

Sector: Tourism

My My Cars rental is a small business that has been operating in TCI for the last 5 years. It is a family-owned business. Our vision is to lead the industry by defining service, excellence and building unmatched customer loyalty. We offer the best affordable and low mileage car rental service with luxury experience. My My Car Rental features the best model cars, for vacation, weekend trips, business travel or just around town. The business is seeking to increase its fleet of vehicles from 12 to 20 cars, due to the increase demand for our services in the Auto rental business. The tourist industry in the TCI is growing rapidly again now that the Pandemic (COVID19) is no longer a public health challenge in the TCI.

Our intention is to tap into the growing tourist market to improve our customer base and services. The loan that the business is seeking from potential investors will be used to purchase the additional cars, this in turn will boost the tourism sector efficiency in having both tourists and islanders' access to an improved service. We will honor all commitments to our customers, employees and shareholders.
